PEERLESS®
Just what you're looking for.™

PEERLESS®
Just what you're looking for.™

When you add it all up, it makes perfect sense to choose Peerless®. You get good looks. Excellent value. And reliable performance. In other words, wow.

You're looking for style

Go ahead. Add some flair to your kitchen or bath. Peerless faucets help you do it, with clean lines and good looks that enhance today's homes.

- With Peerless designs for every room, you can create a single, coordinated look throughout your home
- Choose from a variety of handle and finish options to reflect your personal tastes

You're looking for value

Peerless faucets give you features you might not expect for the value price. So you'll find the look and performance you want, while staying within your budget.

- Our Marine Protected™ Polished Brass finish lights up a room with its remarkable shine. It's guaranteed to stay looking good as long as you own your home
- Peerless pressure balance valves for tubs and showers provide safety and comfort for you and your family. These valves help keep water temperatures consistent when other appliances (such as toilets and washing machines) are in use*

You're looking for quality

Peerless faucets meet industry standards for life cycle and endurance testing, so you can rely on them in the long run. With such stylish, affordable and durable faucets, it's no wonder we're called Peerless. It's more than a respected name in faucets. It's just what you're looking for.

PEERLESS
Just what you're looking for.™

Lifetime Faucet and Finish Limited Warranty

Peerless faucets are so well-constructed, we back them with the Peerless Lifetime Faucet and Finish Limited Warranty. It covers all parts and finishes for as long as you own your home. Now that's peace of mind.

Caring for your Peerless faucet is easy. With minimal care, you can keep it looking great and working like new. Just follow these simple tips:

- To clean, wipe with a damp cloth and mild soap; avoid steel wool and abrasive pads
- To dry, wipe with a soft cloth to retain luster and shine
- Use only non-abrasive cleaners that do not contain a high acidic content. Although your faucet's finish is extremely durable, it can be damaged or scratched by harsh abrasives
- To remove mineral deposits on your faucet, rinse with vinegar. To remove mineral deposits from your showerhead or faucet aerator, remove and soak in a 50/50 vinegar and water solution
- To avoid dangerously hot water temperatures — especially in the tub and shower — make sure your water heater is set at 120° F or less

For customer service, details about the Peerless Lifetime Faucet and Finish Limited Warranty, installation questions or Peerless replacement parts, call the Peerless Faucet Help Line at 1-800-438-6673, Monday through Saturday, 8 a.m. to 8 p.m., in all time zones.

* When the inlet water temperature remains constant and the temperature limit stop is properly set.
