VYTEC™ (VYTEC) WARRANTS TO THE ORIGINAL REGISTERED PURCHASER OF OUR SOLID VINYL SIDING, SOFFIT AND ACCESSORIES (EMINENCE, PRESTIGE, SHURLOK, CEDAR GLEN, PROSIDE, SHAKES & SHAPES AND BOARD & BATTEN PRODUCTS), HERETOFORE REFERRED TO AS "VYTEC PRODUCTS", OR APPLICABLE TRANSFEREE AT THE ADDRESS REGISTERED ON THIS LIMITED WARRANTY THAT VYTEC PRODUCTS HAVE BEEN PRODUCED IN ACCORDANCE WITH THE HIGHEST STANDARDS OF ENGINEERING, QUALITY CONTROL AND PERFORMANCE AND ARE FREE FROM MANUFACTURING DEFECTS. ANY PRODUCT FAILURE OF A VYTEC PRODUCT COVERED BY THIS LIMITED WARRANTY WILL BE REPAIRED OR REPLACED AS DETERMINED BY VYTEC, IN ITS SOLE DISCRETION, IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THIS LIMITED WARRANTY. THIS WARRANTY DOES NOT APPLY TO PRODUCTS APPLIED TO MOTOR HOMES OR USED IN INDUSTRIAL OR ROOFING APPLICATIONS.

EXCLUSIONS

This warranty covers only manufacturing defects in Vyttec Products manufactured by Vyttec. All other causes of material failure, including but not limited to failure or damages resulting from: fire, flood, lightning, wind storm, hurricane, tornado, earthquake, or any other acts of God; normal and expected weathering of the surface; discoloration due to air pollution, exposure to harmful chemicals, fumes or vapors; accidental or intentional damage, neglect, improper care, or other failure by the owner to provide reasonable and necessary maintenance of the product; settlement of the building, failure of the structure (including foundations and walls) failure or damages resulting from painting or applying any other surface coating to the product; failure or damages resulting from faulty or improper installation, or the use of accessories that do not properly receive or secure Vyttec Products; any other cause not involving inherent manufacturing defects in Vyttec Products; or other causes beyond the control of Vyttec, are excluded from this warranty. Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere which will cause any colored surface to gradually fade, chalk or suffer an accumulation of surface dirt or stains. The severity of any of these conditions depends upon the geographical location of your home, the cleanliness of the air in your area and many other local influences over which Vyttec has no control. This warranty is valid only if Vyttec Products were applied strictly in accordance with Vyttec's installation manual, and if the homeowner keeps the product reasonably free of dirt and pollutants.

UNIFORM WEATHERING

Vyttec warrants Vyttec Products against fading in excess of a DELTA E of eight (8) Hunter units caused by a manufacturing defect which occurs and is reported to Vyttec within five years of the date of installation. The term "uniform weathering" means the appearance of the color of the siding and does not refer to the straightness or the even or level wall appearance of the siding. Exposure to exterior elements can be expected to cause gradual and uniform color change. This can vary, dependent on geographical location and wall exposure. Vyttec warrants that the Vyttec Products will weather in a uniform manner. Blue and Clay pigments are generally subject to a tone change sometimes during the first annual cycle of exterior weathering exposure. This color change should still occur on a uniform basis. A defect will be defined as any weathering change that occurs on a specific wall exposure in a manner that varies from panel to panel (checkerboard effect). It is normal for a weathered siding material to have slight and unobjectionable shade differences underneath the butt (or shadow line) portions of the panel - as well as underneath protected eave and overhang areas. A defect will be remedied by the repair or replacement of any affected panels (at the manufacturer's option). A color variance may also occur between any new replacement panel in comparison to the originally installed panels due to weathering exposure and would not be indicative of defective siding. The term of this coverage will commence on the date of the original installation and continue in effect under the terms of the original buyer's warranty or the transfer program, if applicable.

H A I L D A M A G E

Vytec Products manufactured by Vytec are extremely durable and will resist impact damage. Vytec warrants to the original registered owner that in the event Vytec vinyl siding is damaged in a severe hail storm and such damage is not covered by the homeowner's insurance policy or other insurance coverage, Vytec will provide replacement material for the portion which was damaged. The owner shall be responsible for the payment of all installation, labor and freight costs and for the purchase of any additional Vytec Products desired by the owner to replace undamaged products.

W A R R A N T Y R E G I S T R A T I O N

This warranty is valid only after the application for warranty registration is completed by the Vytec dealer, signed by the original registered owner(s) and mailed to Vytec within 30 days after the installation has been completed. Failure to so notify Vytec of the registration shall relieve Vytec of all obligation hereunder.

W A R R A N T Y T R A N S F E R

This warranty is transferable by the original property owner(s) to subsequent owner(s) of the property provided Vytec receives written notice of transfer of the property within 30 days after date of transfer of ownership. This warranty will be transferred as a 50 year non-prorated warranty from the original date of installation. Failure to so notify Vytec of the registration shall relieve Vytec of any further obligation hereunder.

C L A I M S P R O C E D U R E

If you believe that the Vytec Products installed on your home contain manufacturing defects, write to the Customer Service Department, Vytec, One Owens Corning Parkway, Toledo, OH 43659, describing the claimed defect and stating your name, address, phone number, date of installation, Certificate Number on this Limited Warranty, whether you are the original owner or transferee, name of the installing contractor, and proof of purchase of the siding (attach the contractor's invoice). All requests must be in writing, no phone calls please. Vytec is not responsible for lost, mutilated or misdirected mail. Vytec will promptly reply upon receipt of your letter and advise the necessary physical evidence required to support your claim. Vytec shall be entitled to examine the product for which a claim is made prior to its removal or replacement as a pre-condition to the validity of any claim under this warranty. This may involve the removal of a small sample of material for laboratory analysis. If Vytec determines that the material is defective in accordance with the terms of this warranty, Vytec will repair or (at its option) replace the defective part or portion including materials and labor at no cost to the original purchaser or subsequent owner. Any repair or replacement not authorized by Vytec shall release Vytec from any and all warranty obligations concerning the Products.

N° 166648

Vytec reserves the right to refund the original purchase price in lieu of repair or replacement. Vytec's total liability for a claim under this warranty shall be limited to, and in no event exceed, the total purchase price, including labor and taxes, of the installed siding. Any costs and expenses associated with the warranty work, beyond the purchase price, which is required to complete the warranty project, shall be the sole responsibility of the owner(s) and must be paid to Vytec by the owner(s) prior to Vytec commencing warranty work on any claim which exceeds the purchase price.

Vytec reserves the right to discontinue or make changes in any of its Products, including changes to the color, without notice to the original purchaser or subsequent owner and shall not be liable to the original purchaser or subsequent owner as a result of such discontinuance or changes. In the event the Products covered by this warranty are not available, Vytec shall have the right to substitute a product from Vytec's then current product range which, in Vytec's sole discretion, is of equal quality or price. A color variance may occur between replacement panels and original panels as a result of normal weathering and is not a material defect. Any replacement materials provided by Vytec in settlement of claims hereunder will be warranted to the balance for the original warranty period only. The original warranty terms shall not be extended by any warranty repairs. This warranty is personal to Vytec and continues under the terms described herein only so long as Vytec manufactures residential siding.

VYTEC MAKES NO EXPRESS WARRANTIES, EXCEPT AS ARE SET FORTH HEREIN AND SHALL NOT BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES WITH RESPECT TO THE VYTEC PRODUCTS COVERED BY THIS WARRANTY, VYTEC'S COMPLETE LIABILITY AND THE OWNER'S EXCLUSIVE REMEDY BEING LIMITED TO REPAIR OR REPLACEMENT ON THE TERMS STATED HEREIN. CERTAIN JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL, OR CONSEQUENTIAL DAMAGES, AND TO THAT EXTENT ONLY, THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY. THIS WARRANTY COVERS YOUR SPECIFIC LEGAL RIGHTS, YOU MAY ALSO HAVE ADDITIONAL RIGHTS, BY LAW, WHICH VARY FROM JURISDICTION TO JURISDICTION.

NO PERSON IS AUTHORIZED TO CHANGE THIS WARRANTY IN ANY WAY OR GRANT ANY OTHER WARRANTY UNLESS SUCH CHANGES ARE MADE IN WRITING AND SIGNED BY AN OFFICER OF VYTEC AT ITS HEAD OFFICE.

THERE ARE NO FEES OR SERVICE CHARGES REQUIRED AT ANY TIME WITH REGARD TO THIS WARRANTY PROGRAM.

THE BEAUTY OF VYTEC™ VINYL SIDING IS EASY TO MAINTAIN

While Vytec Vinyl Siding comes closer to being totally maintenance free than any other siding on the market today, it will become dirty just as does a freshly painted house, a new automobile or any other product which is exposed to atmospheric conditions. Generally, your Vytec Vinyl Siding can be cleaned satisfactorily through the use of an ordinary garden hose. If this does not do the job satisfactorily, then we suggest the following:

1. Equip the garden hose with a soft-bristled, long-handled car brush.
2. Where soil is of a stubborn nature, (as frequently found in industrial areas) the following cleaning solution works well:
 - 1/3 cup (80 ml) laundry detergent
 - 2/3 cup (160 ml) of powdered household cleaner
 - 1 gallon (4.5 litres) of water

In certain geographical areas where mildew may be a problem, substitute one quart (one litre) of 5% laundry bleach for one quart (one litre) of water in the above formula.

When stubborn stains must be removed from a panel, an abrasive-type cleaner, may be used without damage to the siding. The most damage that can be done to a panel of vinyl siding is to scratch or roughen the surface. This, however, is rarely visible a few feet from the house.

Where the house is extremely dirty, it is recommended that you start washing from the bottom and go to the top, rinsing frequently. Cleaning solutions should be permitted to stand on the surface of the siding for several minutes before rinsing.

When using any cleaning agents, be sure to observe the precautionary labeling instructions on the cleaning agent container and protect shrubs and plants from direct contact with cleaning agents.

If you should encounter any unusual cleaning problems not covered here, feel free to contact the Customer Service Department: Vytec, One Owens Corning Parkway, Toledo, OH 43659, for specific suggestions.
